Dear Craig Cesarone,

Hopefully you are having a productive school year in your program and store . Recently we mailed you a Holiday card with a flier highlighting some new things that we have been working on for 2009. Some of those newly added items are POS Certification & Advanced Software Training. [See flier.](#)

POS Certification

Our newly instituted certification program allows School Stores to become officially POS certified. There are 3 different award levels; Basic, Pro, and Premier. Check out the certification program [here.](#)

Software Training

There are many different ways your school store can find technical support. For new user School Stores, we bundle in 12 months of software support with POSitive POS. Each school store can call/[email](#) us whenever they encounter any technical issues or have any questions. For School Stores no longer on support, please consult our POS Tour [Guides/Videos](#). If you need any additional training, rates begin at \$59/hr or \$99/2hr. **This is perfect for new teachers taking over a school store.**

Just as a reminder, we will have a display booth set up at the International DECA Conference in Anaheim April 29-May 2 ([Win \\$1,000 DECA Travel Award!](#)). Stop by and check us out, we'd love to hear from you.

Sincerely,

Craig Cesarone and Don Immen
